

# ACCOUNTING AND PAYROLL AUTOMATION

## WHY SHOULD YOU USE QSRONLINE?

- Save Time:** Transfer sales, vendor invoices, and payroll totals into your software.
- Eliminate Error:** Maintain data integrity with the direct transfer of your financial data!
- Keep Your Software:** QSROnline works with your existing accounting and payroll software!
- Easy to use:** With just a few clicks, data populates your accounting software.

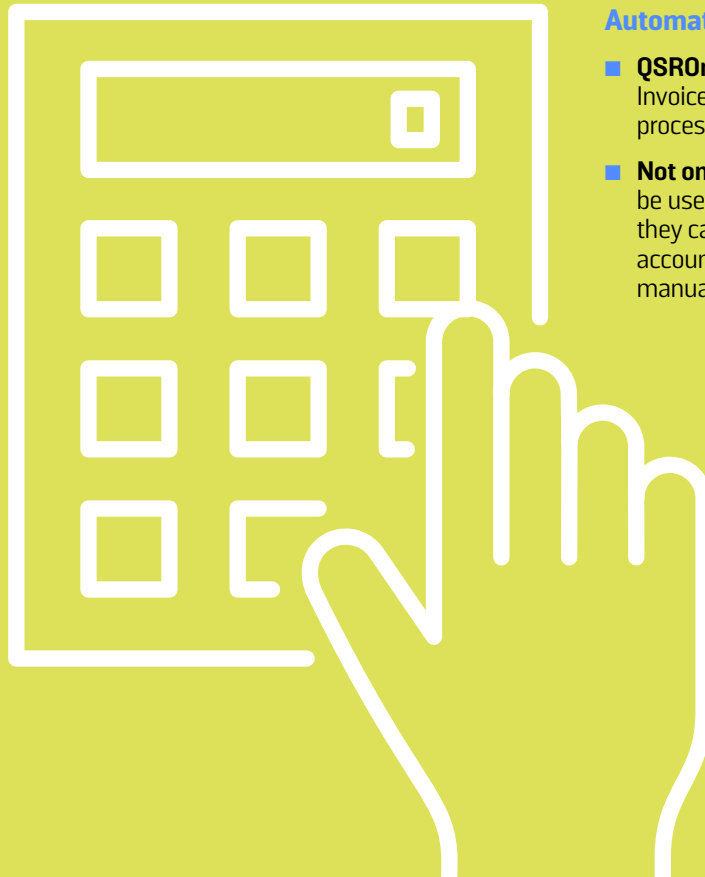

## LET QSRONLINE DO THE HEAVY LIFTING!

### Automate your Sales Journal Entries!

- **QSROnline collects** sales details from your POS system each day.
- **Your sales data** automatically populates your custom journal entries, built according to your Chart of Accounts by QSROnline's team.
- **Journal Entries** are imported into your accounting software of choice in seconds!

### Automate your Payroll Data!

- **QSROnline collects employee information**, including payroll hours, pay rates, and job names from your POS system each day. From there, your payroll totals can be uploaded into your Payroll Software with just a few clicks!

### Automate your Vendor Invoices!

- **QSROnline** receives your Vendor Invoices electronically through a process called EDI.
- **Not only** can these vendor invoices be used to track your purchases, they can also import into your accounting software without manual entry.

## HOW DOES IT WORK?
